

Mallorca bike hire 2026 – CDRC tour

Bicycles are provided by Ciclos Mora Bike hire – they have a selection of quality road bikes available for hire, as outlined below. Please note that all bikes are set up with European braking (i.e. rear brake on right)

Mellow Jersey will reserve this on your behalf, but the hire contract is between yourself as the client and Ciclos Mora directly. Please note that availability in some sizes is limited, so we suggest booking your bike as early as possible.

Payment for the bike will be added to your final tour balance.

The hire shop will show you the state of the bike at the time of collection / delivery – we recommend that take note of any damages and take photos accordingly. The price of the hire includes insurance that covers damage in the case of an accident, but does not cover theft.

A form of ID will need to be shown when you collect the bicycle.

Below is a list of the bicycles available for hire. To reserve your bike, please provide us with the following information so we can reserve this on your behalf with the shop -
