Mallorca 312

OVERVIEW

With the benefit of a closed road course, the Mallorca 312 takes in the best of what the island has to offer, from the challenging ascents of the Tramuntana mountains to picturesque inland routes.

The M312 has grown to be a key feature in the sportive calendar, and is by far our favourite! The silky roads, combined with (hopefully!) the Mallorcan sunshine and the incredible atmosphere of 8,500 cyclists taking on the challenge has led to this event becoming as popular as it is today.
